

New Source Review newspaper advertisements for construction permit applications, September 4, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: September 2, September 3, September 4, or September 15, 2008. Public notices are generally published every two weeks. The previous publication of public notices was August 21, 2008.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Plateau Pallet, L.L.C. with a mailing address of 1075 Deer Lodge Hwy., Clarkrange, TN 38553. They seek to obtain an air contaminant permit (Division identification number: 25-0063-02/62257) for operating a wood pallet manufacturing operation located at the same address. Part of this existing operation consists of a 280 horsepower diesel-powered woodcutting gang saw. The fuel used will be diesel fuel. This modification request is to increase the amount of operating hours per year. Because of the amount and type of emissions, the use of additional pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants will be emitted by this source. Mr. Robert Benjamin is the assigned Division person.

For the Fentress County *Fentress Courier* -- published once on or before Thursday, September 4, 2008.

---

The applicant is Laughlin Memorial Hospital with a mailing address of 1420 Tusculum Blvd, Greeneville, Tennessee 37745. They seek to obtain an air contaminant permit (Division identification number: 30-0055-04/62298) for three No. 2 fuel oil emergency generators located at the same address. These existing emergency generators are used to serve the hospital and the outpatient building during commercial power outages. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For Greene County *Greeneville Sun* -- published once on or before Thursday, September 4, 2008.

#### FIRST APPLICANT:

The applicant is TJ Box Construction, Inc. with a mailing address of P.O. Box 294, Rogersville, TN 37857. This company seeks to obtain air contaminant permits (Division identification numbers: 37-0127-01/61516, 37-0127-02/61517, & 37-0127-03/61518) for the construction of a pallet producing facility located at 1767 Highway 66, Bulls Gap, TN 37711. This facility would consist of several sources including the cutting operation that contains a variety of sawing equipment (37-0127-01), a grinding operation (37-0127-02), and a kiln operation (37-0127-03). There would be physical construction. Regulated air contaminants would be emitted by these sources. Cyclones would be used for pollution control on sources 37-0127-01 and 37-0127-02.

Because of the amount and type of emissions, the use of pollution control equipment is not proposed on source 37-0127-03. Mr. Doug Warden is the assigned Division person.

SECOND APPLICANT:

The applicant is Tennessee Valley Manufacturing Solutions with a mailing address of 121 Kingsport Press Road, Church Hill, TN 37642. They seek to obtain air contaminant permits for sources located at same address, as follows:

(1) Surface Coating Operation (Division identification number 37-0029-22/61996). This existing operation consists of a spray booth and associated equipment and used to apply color to the page of edges of the trimmed books. Exhaust filter is used for pollution control equipment. There would be no physical construction. Regulated air pollutants are emitted by this source. Mr. M. Baghernejad is the assigned Division person.

(2) Paper Trimming and Book Binding Operation (Division identification number 37-0029-23/61997). This existing operation consists of two machines and associated equipment and used to cut and trim the books. A cyclone is used for pollution control equipment. There would be no physical construction. Regulated air pollutants are emitted by this source. Mr. M. Baghernejad is the assigned Division person.

(2) Book Sanding Operation (Division identification number 37-0029-24/61998). This existing operation consists of several machines and associated equipment and used for sanding the edges of the books. Cartridge filter is used for pollution control equipment. There would be no physical construction. Regulated air pollutants are emitted by this source. Mr. M. Baghernejad is the assigned Division person.

For the Hawkins County *Rogersville Review* -- published once on or before Thursday, September 4, 2008.

---

The applicant is ETS Rubber Products with a mailing address of PO Box 700, Ducktown, TN 37326. They seek to obtain an air contaminant permit (Division identification number: 70-0049-01/62294) for construction of a rubber grinding operation at 874 Postell Road, Ducktown, TN 37326. This proposed operation would consist of a rubber grinder, autoclave, and associated equipment used to form extruded rubber products. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Doug Wright is the assigned Division person.

For the Polk County *News* -- published once on or before Thursday, September 4, 2008.

---

The applicant is City of Cookeville Public Works with a mailing address of 45 East Broad, Cookeville, TN 38501. They seek to obtain an air contaminant permit (Division identification number 71-0224-01 / 61884) for modification of an existing Air Curtain Destructor located at 2105 West Jackson Street, Cookeville, TN. The proposed modification is an increase in the maximum annual charging rate, with no increase in the hourly charging rate. There would be no physical construction. Because of the amount and type of emissions, the use of additional pollution control equipment is not proposed. Regulated air contaminants are emitted by this existing source. Mr. R. Thompson is the assigned Division person.

For the Putnam County *Herald-Citizen* -- published once on or before Thursday, September 4, 2008.

---

The applicant is Blalock Lumber Company with a mailing address of P.O. Box 4750, Sevierville, TN 37864. They seek to obtain an air contaminant permit (Division identification number 78-0214-01/62286) to construct a Concrete Batch Plant located at Foretravel Drive, Kodak, TN 37764. This proposed operation would consist of a fly ash silo, cement silo, sand & gravel stockpiles and associated equipment used to produce ready mix

concrete. A baghouse would be used to for pollution control. There would be physical construction. There would be regulated air contaminants emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Sevier County *Mountain Press* -- published once on or before Thursday, September 4, 2008.

The applicant is Mount Juliet Humane Society with a mailing address of 115 Industrial Drive, Mount Juliet, Tennessee 37122. They seek to obtain an air contaminant permit (Division identification number: 95-0305-01/62292) for construction of a Crematory Operation located at the same address. This proposed operation consists of a natural gas fired incinerator and associated equipment used to cremate deceased animal remains. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. E. Peeler is the assigned Division person.

For the Wilson County *Lebanon Democrat* -- published once on September 4, 2008, and republished with corrected location city name on September 15, 2008.

The applicant is VANHOOSECO with a mailing address of 521 Highway 321 N, Lenoir City, TN 37771. They seek to obtain an air contaminant permit (Division identification number 53-0167-01/62202) for construction of a Concrete Batch Plant Operation located at Blair Bend Road-Blair Bend Industrial Park, Loudon, TN 37774. This proposed operation would consist of gravel, crushed rock and sand stockpiles, a cement silo, a mixer, and associated equipment used to produce ready-mix concrete. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Moe Baghernejad is the assigned Division person.

For the Loudon County *News-Herald* -- published once on September 4, 2008.
